

## JIT Debriefing Worksheet

	Plus (what went well)	Delta $\delta$ (anything needing improvement*)
Medical - Learning Objective #1		
Medical - Learning Objective #2		
Team Training - Learning Objective #3		
Other observations		

\* Tip: You can try asking **reflective questions** during the debriefing. For example: *“At one point in the scenario, the baby went apneic. What was going through your mind at that point?”*
